

Hazard Mitigation Plan Survey

Jackson County Emergency Management and its participating cities and school districts are conducting a survey as part of their multi-jurisdictional hazard mitigation plan update. The hazard mitigation plan is an important decision-making guide for community leaders. The purpose of the plan is to reduce or eliminate long-term risk to people and property from all types of hazards including flooding, drought, and severe storms.

Take the Survey

Use the QR code or link below to take the survey.
